3. 2010 International Equine Summit – Nancy Cox

We will invite Normandy to be part of the summit. Three tracks were discussed – 1).Challenges and opportunities for equine programs, 2).Human-animal bond, 3) Integrated science of the horse. For the 3rd topic, a keynote speaker that would integrate physiology and performance of the horse would be sought--someone who could talk with both scientists and horsemen. We will narrow these topics at the next meeting.

Action - All members of this Equine Group will work on this project.
